Kane Rockford started from the bottom, working his way up from the gritty streets of Detroit to the C.E.O of one of the top consulting firms in the Midwest. With a checkered past, falling in love was the least of his worries; business was his first priority over anything else. However, when the sexy, sultry Bella McClain weasels her way into his heart, what starts out as an innocent game of cat and mouse turns into a sinful affair that's too hot to stop, and too intense to forget. One night of pleasure could cost them everything they've worked so hard to build; especially with Bella engaged to be married.

The Rockford women are a crew of young, beautiful, and feisty ladies with big personalities and strong minds—except when it comes to the men in their life. With chaos brewing within their family, as well as their relationships, there's only one thing that they can agree on: no woman is good enough for their brother and especially not Bella McClain. As drama unfolds and skeletons from the past threaten to divide their foundation, will their bond be strong enough to hold the family together?

Breathless takes you on an emotional roller-coaster, spinning the perfect web of drama, lies, and deceit until the very last page. Allow the crew to heat up your kindles.
