The Outsider is the seminal work on alienation, creativity & the modern mind-set. First published over forty years ago, it made its youthful author England's most controversial intellectual. The Outsider is an individual engaged in an intense self-exploration—a person who lives at the edge, challenges cultural values & "stands for Truth." Born into a world without perspective, where others simply drift thru life, the Outsider creates his own set of rules & lives them in an unsympathetic environment. The relative handful of people who fulfilled Wilson's definition of the Outsider in the 1950s have now become a significant social force, making Wilson's vision more relevant today than ever. Thru the works & lives of various artists—including Kafka, Camus, Eliot, Hemingway, Hesse, Lawrence, Van Gogh, Nijinsky, Shaw, Blake, Nietzsche & Dostoyevski—Wilson explores the psyche of the Outsider, his effect on society & society's effect on him. Wilson illuminates the struggle of those who seek not only the transformation of Self but also the transformation of society as a whole. The book is essential for everyone who shares his conviction that "a new religion is needed".
